

*District Council is a
strong voice for
CUPE members in
our community.*

*We help to bring
education of
special interest
to the local
members at a
fair cost.*

WHO ARE WE?

CUPE union is based on the knowledge that workers banding together in union locals have greater strength when it comes to collective bargaining, fighting to protect their rights and working for positive change.

CUPE District Councils are based on this same understanding. Union locals are stronger when they work together to support each other and pursue common goals in their regions and communities.

District Councils are made up of affiliated CUPE locals serviced out of the same CUPE Area office. Locals not serviced out of the CUPE Area Office can still arrange to join the District Council.

District Councils have their own by-laws that govern how they operate, their elected structure and their affiliation fees.

Working Together Makes Us Stronger

- * Build unity and solidarity among CUPE locals
- * Promote the efficiency and value of public services
- * Improve the social and economic well-being of all persons
- * Provide bargaining and strike support
- * Increase the profile of CUPE members in our communities
- * Provide educational opportunities to union members
- * Promote equity for all and oppose harassment and discrimination
- * Support CUPE National and Ontario Division campaigns
- * Advocate for positive progressive political change

Benefits of Affiliation

CUPE Ontario District Councils are groups of CUPE locals from the Ontario region that work together on common issues.

Their work includes:

- ◆ community projects
- ◆ political action at the local level
- ◆ bargaining support
- ◆ promotion of strong public services

Making Positive Changes Together
